

MAR 08 2019

SENATE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF AGRICULTURE TO DEVELOP A
SUSTAINABLE FOOD SECURITY STRATEGIC PLAN AND PREPARE AN
ANNUAL REPORT TO THE LEGISLATURE.

1 WHEREAS, food security, as defined by the United Nations'
2 Committee on World Food Security, means that all people, at all
3 times, have physical, social, and economic access to sufficient,
4 safe, and nutritious food that meets their food preferences and
5 dietary needs for an active and healthy life; and
6

7 WHEREAS, Hawaii annually spends approximately
8 \$3,000,000,000 on importing eighty-five to ninety percent of its
9 food; and
10

11 WHEREAS, increasing local food production is essential for
12 the future health and vitality of the State; and
13

14 WHEREAS, the Governor has established the goal of doubling
15 local food production by 2020; and
16

17 WHEREAS, the State has many natural resources and vast
18 agricultural lands that lend themselves to increasing local food
19 production; and
20

21 WHEREAS, despite the State's natural resources and goals
22 for increased local food production, that production has
23 remained slow to develop; and
24

25 WHEREAS, Hawaii's residents need access to food in the
26 event of a natural disaster or interruption in the food supply
27 chain; and

1 WHEREAS, the fragility of the State's food inventory leaves
2 Hawaii with only a three-to-seven day supply of food when
3 shipments from the mainland are delayed or cancelled; and
4

5 WHEREAS, a recent combination of bad weather and shipping
6 problems have resulted in empty shelves at several grocery
7 stores across the State, mere months after multiple storm
8 warnings resulted in similar shortages; and
9

10 WHEREAS, title 7 United States Code, section 3103, defines
11 "sustainable agriculture" as an integrated system of plant and
12 animal production practices having a site-specific application
13 that will over the long term:
14

- 15 (1) Satisfy human food and fiber needs;
- 16
- 17 (2) Enhance environmental quality and the natural resource
18 base upon which the agricultural economy depends;
19
- 20 (3) Make the most efficient use of nonrenewable resources
21 and on-farm resources and integrates, where
22 appropriate, natural biological cycles and controls;
23
- 24 (4) Sustain the economic viability of farm operations; and
25
- 26 (5) Enhance the quality of life for farmers and society as
27 a whole; and
28

29 WHEREAS, improving access to sustainable local foods will
30 not only benefit the State financially but will also benefit the
31 residents of Hawaii; now, therefore,
32

33 BE IT RESOLVED by the Senate of the Thirtieth Legislature
34 of the State of Hawaii, Regular Session of 2019, the House of
35 Representatives concurring, that the Department of Agriculture
36 is requested to develop a Sustainable Food Security Strategic
37 Plan; and
38

39 BE IT FURTHER RESOLVED that the Department of Agriculture
40 consult with the Department of Transportation, Hawaii Emergency
41 Management Agency, Office of Homeland Security, and interisland

1 cargo water carriers, in developing a Sustainable Food Security
2 Strategic Plan; and

3
4 BE IT FURTHER RESOLVED that the goals of the Sustainable
5 Food Security Strategic Plan are to:

- 6
7 (1) Increase efficient use of renewable resources to
8 develop Hawaii's food and farm sector;
9
10 (2) Increase sustainable local diversified agriculture for
11 local consumption;
12
13 (3) Increase the economic viability of local farm
14 operations;
15
16 (4) Improve access to local, sustainably produced foods;
17 and
18
19 (5) Improve biosecurity; and

20
21 BE IT FURTHER RESOLVED that the Department of Agriculture
22 is requested to submit an annual report, containing its findings
23 and recommendations and any proposed legislation, to the
24 Legislature no later than twenty days prior to the convening of
25 each Regular Session starting in 2020 regarding its development
26 of a Sustainable Food Security Strategic Plan; and

27
28 BE IT FURTHER RESOLVED that a certified copy of this
29 Concurrent Resolution be transmitted to the Governor,
30 Chairperson of the Board of Agriculture, Director of
31 Transportation, and Adjutant General.
